

Healgen Scientific LLC is a professional bio-tech products manufacturer and distributor, located in Houston, Texas. Our aim is to provide diagnostic laboratories and any other bio-tech R&D organizations with high quality products and good service.

Zhejiang Orient Gene Biotech Co., Ltd. was founded in December 2005 and listed on the SEE STAR Market on February 5, 2020 (securities code: 688298).

Orient Gene specializes in R&D, production and sales of in vitro diagnostic products, mainly covering infectious diseases (including COVID-19 test series), toxicology, tumor markers, cardiac markers and fertility testing, etc. With hundreds of detection products and supporting biomaterials, the Company has a complete industrial chain layout from the upstream core antigen/antibody biomaterials to the POCT rapid diagnostic reagents and rapid diagnostic instruments. The Company is accelerating the industrial upgrading from “product provider” to “product provider + third-party detection service provider”, and simultaneously promoting the industrialization and marketization of molecular diagnosis and liquid biochip platform.

Through 16 years of technology accumulation and continuous investment in R&D, the Company has independently developed hundreds of products, with more than 200 authorized patents, and has obtained more than 500 product medical device certifications at home and abroad, which is one of Chinese enterprises engaged in in vitro diagnosis with the greatest number of international product certifications. The Company's sales network covers more than 100 countries and regions. With overseas sales accounting for more than 95%, the products are mainly sold to Europe, America and other developed countries.

We have the flexible strategy on the business co-operation. Supported by our professional personnel and good manufacturing practice, we will always offer the best quality and services to our customers.
